

SHEEP Production TASTER DAY

The key objective

The AAC is delivering this day to educate high school students on aspects of becoming a SHEEP FARMER. Our one day Taster Days help students with their studies and career choices.

On the day

Greg Meaker previously with DPI TOCAL College & Matthew Leischke from South East Local Land Services will share with you things to consider when farming sheep;

- Sheep reproduction
- Live animal assessment
- Breed differences
- Stocking rate v's carrying capacity
- Pasture walk
- Nutritional shortfall requirements

\$45 per student

- Students to bring own food and drink
- Permission slip must be provided
- Please wear closed in shoes, long sleeved shirt and long pants
- Bring phone or tablet per student

Syllabus outcomes met through this program;

HSC 1.1 2.1 3.1 3.2 3.3 3.4 5.1
