

CATTLE Grazier TASTER DAY

The key objective

The AAC is delivering this day to educate high school students on aspects of becoming a CATTLE GRAZIER. Our one day Taster Days help students with their studies and career choices.

On the day

Greg Meaker previously with DPI TOCAL College & Matthew Leischke from South East Local Land Services will share with you things to consider when farming cattle;

- Breed differences - fat score/muscle growth
- Breed or Not to Breed - Gross margins
- Number of Cattle for Landscape - DSE
- Nutrition (Basic)
- Pasture management
- Drought feed calculator

\$0 per student

- Students to bring own food and drink
- Permission slip must be provided
- Please wear closed in shoes, long sleeved shirt and long pants
- Bring phone or tablet per student
